**About Third Creek Advisors, LLC**

Third Creek Advisors, LLC (TCA) is renowned for helping small-cap companies solve capital markets and corporate finance problems that limit shareholder returns. Whether it's inadequate trading volume, limited equity research coverage, dilutive time-consuming financings, achieving and retaining senior exchange listings, difficulties in attracting institutional investors or one-sided negotiations with hedge funds, small-cap boards face never-ending challenges. TCA's singular, unconflicted approach to advising small-cap boards how to enhance shareholder value is complemented by demonstrated thought leadership—its founder co-managed a special situation hedge fund that invested in more than 500 small-cap financings, and is the author of the definitive book on the subject, "The Perfect Corporate Board: A Handbook for Mastering the Unique Challenges of Small-Cap Companies" (New York: McGraw Hill, 2012).
