**About Third Creek Advisors, LLC**

Third Creek Advisors, LLC (TCA) is the country’s leading small-cap corporate governance advisory firm. It’s renowned for helping boards of pre-IPO and small-cap companies navigate the never-ending array of unique corporate governance challenges they face that conspire to limit shareholder returns. Ultimately, there is only one constituency that matters in judging the efficacy of corporate governance – institutional investors. TCA understands that audience well; it is the only small-cap corporate governance advisory firm in the country run by a former small-cap fund manager. Its founder co-managed a special situation hedge fund that invested in more than 500 small-cap financings, and is the author of *The Perfect Corporate Board: A Handbook for Mastering the Unique Challenges of Small-Cap Companies* (McGraw Hill, 2012).
